

Airplane Rental Agreement and Pilot Information Form

1. All renters must comply at all times with all applicable FAA regulations, state law and the conditions of this agreement. This includes instructing passengers in proper safety procedures and ensuring compliance.
2. All licensed pilots and students must be approved and pass a flight check with a Sierra Tango Aviation, LLC Certified Flight Instructor in each type of aircraft they plan on renting. 30 day currency is required for all tailwheel aircraft by Sierra Tango Aviation, LLC, 90 day currency for all others.
3. All aircraft are rented by appointment by contacting Sierra Tango Aviation, LLC. If the renter fails to claim the aircraft within 20 minutes of the scheduled time, the airplane may be reassigned. Cancellations must be made 24 hrs in advance or a "no show" fee of \$30 will be charged.
4. Student pilots are limited to winds of less than 10 knots, with a crosswind component of 7 knots or less. Private pilots are limited to winds of 15 knots and the maximum crosswind component printed in the POH of the aircraft they are flying.
5. Renters must confirm that the flight time sheet and the Hobbs meter in the airplane agree prior to engine start. Any discrepancy must be clarified before flight to avoid financial responsibility for "extra" Hobbs time.
6. All pilots must perform a complete preflight inspection prior to departure. Any maintenance item MUST be reported before departure to avoid damage charges.
7. Renters will be financially responsible to Sierra Tango Aviation, LLC and/or aircraft owners for damages to aircraft or equipment. Renters are encouraged to purchase "Non-owned Aircraft (renter's) Insurance" to protect them from liability while flying any rented aircraft.
8. Except in emergencies, pilots may land only at FAA designated airports.
9. When fuel or oil is purchased away from Henderson Field (ACZ), pilots will be reimbursed at the present fuel price offered at ACZ, if they provide receipts showing gallon amounts, date, and place of purchase. Items such as tie-down fees, landing fees, cleaning and other fees are the responsibility of the renter pilot.
10. All renters must secure the aircraft in an appropriate tie-down space and leave it in a clean condition for the next pilot.
11. If the aircraft is "abandoned" at any place other than ACZ, the renter may be charged for pilot and rental time to retrieve the aircraft and return it to ACZ. Sierra Tango Aviation, LLC cannot guarantee a renter's travel schedule. Pilots who transfer to another mode of transportation due to weather or maintenance problems do so at their own expense.
12. The renter agrees not to tamper with, molest, or attempt repair on any item or accessory of the aircraft without calling Sierra Tango Aviation, LLC for specific instructions.
13. The renter agrees not to use the airplane for any illegal purpose, to carry people or property for hire or for any commercial purpose, or for flight instruction (other than with a Sierra Tango Aviation, LLC approved instructor).
14. Smoking is not permitted in or around any Sierra Tango Aviation, LLC aircraft. No alcoholic beverages are allowed on board any Sierra Tango Aviation, LLC aircraft.

I acknowledge that I have read and understand the contents of this Agreement. I agree to be responsible for all charges or damages incurred, to pay all reasonable collection fees, if any, including court and attorney's costs and to abide by the above rules.
